Claim Notes

Claim number:	C-1465
Claimant:	Crystal Murphy
Adjuster:	Darin Tyler

12-6-23
Claim opened for a side impact collision at an intersection, with the insured's vehicle struck on the driver side by a vehicle that entered from the cross street. The claimant reports a shoulder injury and is represented by counsel, and all correspondence will be routed thorugh the attorney's office.

12-27-23
Reviewed the policy and confirmed the driver involved is listed as a named driver with coverage in force at the time of loss. No coverage issues identified at this stage.

2-9-24
Police report, scene photographs and two independent witness statements all line up with the account given by the claimant and the other driver. The sequence of events appears consistent across every source collected so far.

3-14-24
Reviewed the damage estimate and photos. The vehicle damage is largely consistent with the described impact, with the heaviest deformation on the driver side. Still need to confirm exactly where the claimant was seated, since the accounts on this point are not fully clear.

4-18-24
A neighbor mentioned seeing the vehicle with damage several weeks before the reported loss date. Requested the neighbor's contact details and will follow up, though this is a single secondhand observation and nothing else in the file supports it yet. No earlier damage to the vehicle is recorded in our prior claims history.

5-13-24
Medical records show a shoulder injury with a treatment course that followed a typical pattern and eased off as the claimant improved. No prior injury to the same area appears in the records obtained. The injury description fits the type and force of this collision.

6-3-24
The claimant has gvien the same account in each conversation, including the recorded statement and subsequent calls with counsel present. Based on the current file, the claim appears to be progressing normally, and I will keep the neighbor follow-up open pending their statement.

Recorded Statement

Claim number:	C-1465
Statement of:	Crystal Murphy
Taken by:	Darin Tyler
Date:	10-31-23

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather just keep my name off this, if that's okay. You can use the claim number.

Q: That's fine. Can you tell me where you were when the collision happened?

A: I was driving through the intersection in Pasadena, Texas, heading east on the main road. The lgiht had been green for me when I entered.

Q: What happened next?

A: A car came from the cross street on my right side. It didn't stop, and it hit the passenger side of my vehicle. I didn't have time to react. My car spun a little and ended up against the curb.

Q: Did you see the other vehicle's signal before it entered the intersection?

A: No, I was watching the road ahead. I only saw it when it was already coming across.

Q: Were you able to get out of your vehicle on your own?

A: Yes, but my right shoulder was hurting right away. I couldn't lift my arm without a sharp pain.

Q: Have you received medical treatment since the accident?

A: I went to an urgent care clinic that same day. They took X-rays and said it was probably a strain, but I've been referred to an orthpoedic doctor for an MRI.

Q: Did you have any pain or shoulder problems before this collision?

A: No, not that I can recall. I play some recreational softball, but I hadn't had any trouble with that shoulder.

Q: Is there anything you would like to add to your statement?

A: Only that I'm still having trouble sleeping on that side and doing simple things like reaching into a cabinet. I'd like to get this resolved.

Q: Thank you. That concludes the statement.

A: Okay, thank you.
