Reported injury:	shoulder injury

Description of the accident (claimant's words)

I was driving through the intersection on a green light when a vehicle coming from my right entered the crossing and struck the driver's side of my car. The impact pushed my vehicle sideways and I felt a sharp pain in my right shoulder as I braced against the steering wheel. I stayed at the scene until the responding officer arrived, and I gave the same account of what happened to the officer, to the other driver, and to the claims representative when I called to report it. I have been listed as the named driver on this policy for the whole time I have held it, and I have kept my insurance information current. I am asking that this claim be reviewed so I can get treatment for the shoulder injury and cover the repairs to my vehicle.
