### Description of the accident (claimant's words)

I was making a left turn at an intersection in Pasadena, Texas, when a vehicle coming straight through the intersection struck the driver's side of my car. I had been waiting for a gap in oncoming traffic and had my turn signal on. The impact spun my car partway around and the airbag deployed. I was wearing my seatbelt. My left wrist hit the steering wheel and the pain was immediate; I was later told it was fractured. I have described what happened the same way to the officer at the scene, to the medical staff, and to the adjuster, and I have no changes to add. I am staying with the policyholder, who is my household member, and I drive their vehicle regularly with their permission. I am submitting this statement so the claim can be reviewed.
