Claim Notes

Claim number:	C-1468
Claimant:	Carol Smith
Adjuster:	Valerie Rodriguez

2024-05-04
Claim opened after a side impact at an intersection, with the insured vehicle struck on the driver's side. The insured reported a neck strain and advised that the claimant is now represented by counsel, so all contact will go through the attorney's office.

2024-06-08
Reviewed the policy and confirmed the driver is named on it and the coverage was active at the time of loss. Nothing in the file suggests the vehicle damage predates the policy start.

2024-06-21
Obtained the police report, which places the claimant in the vehicle at the time of the collision. Two independent witnesses gave statements describing the same sequence of events.

2024-08-08
Reviewed scene photographs and the other driver's statement, both of which match the described impact. The damage pattern on the vehicle is consistent with a side impact at the angle reported.

2024-08-09
Took a recorded statement from the claimant through counsel. The account matched what was given at the scene and in the initial report, with no changes in the details.

2024-08-25
Received the medical records and bills from the treating provider. The reported neck strain is a plausible injury for a collision of this type, and no earlier injury to that body area appears in the prior records.

2024-09-05
Inspected the vehicle and noted a few old scratches near the damaged panel. These may be older than this collision, so the repair estimate has been set aside for a closer look at those areas.

2024-09-13
Treatment has run somewhat longer than is typical for this injury, and the treating notes expalin the reasons for the extended care. Requested a peer review of the treatment timeline to confirm the length of care is reasonable.

2024-10-09
Peer review is pending, and the file is being kept open while counsel provides the requested updates. Reserves remain in place until the review and the repair estimate are finalized.

Recorded Statement

Claim number:	C-1468
Statement of:	Carol Smith
Taken by:	Valerie Rodriguez

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the collision you reported at the intersection in Baytown. Can you confirm that you were the driver of your vehicle at the time?

A: Yes, I was driving my own car.

Q: Please describe how the collision happened, in your own words.

A: I was going through the intersection on a green light. The other vehicle came in from the side street and hit the driver's side of my car. I didn't see it coming until it was almost on me.

Q: Did you have any chance to brake or swerve before impact?

A: I hit the brakes, but there wasn't enough time to avoid it.

Q: Was anyone else in your vehicle?

A: No, I was alone.

Q: Did you call the police or get a report made at the scene?

A: Yes, an officer came out and took information from both drivers. I think he wrote up a report.

Q: Where did you first feel injured?

A: My neck. It snapped to the side when we were hit, and I felt a stiff, sore feeling right away.

Q: Have you seen a medical provider since the collision?

A: Yes, I went to urgent care that same day. They diagnosed a neck strain and told me to rest and take anti-inflammatories.

Q: Are you currently having any other symptoms, such as headaches or pain in your shoulders or back?

A: A little tightness in the upper shoulders, and I get some headaches toward the end of the day. The neck is still the worst part.

Q: Have you missed any work because of the injury?

A: I've been out a few days and I'm working lighter duties now.

Q: Is there anything else you think I should know about the accident?

A: Just that I was careful and followed the signals. I want the repairs and my treatment covered.

Q: Thank you. That concludes the statement.
