Description of the accident (claimant's words)

I was changing lanes on a busy road in Pasadena, Texas, when a vehicle in the lane I was moving into struck the side of my car. I had checked my mirror and signaled before moving over, and I did not see the other car until contact was made. My car was pushed toward the shoulder, and I braked to stop safely. I have been the named dirver on this policy since I first insured the vehicle, and I am submitting this claim in that capacity. Since the collision I have described the events the same way to the responding officer, the adjuster, and my doctor. The impact twisted my left knee against the door frame, and I have had persistent pain, swelling, and difficulty bending it since then. I am requesting coverage for the medical treatment and the repairs to my vehicle.
