Description of the accident (claimant's words)

I was driving home on a weekday afternoon when the car in front of me stopped suddenly, and I was unable to avoid the collision. Although it was a low-speed impact, the jolt was enough to push my head forward and then snap it back against the headrest. I was the policyholder dirving my own vehicle at the time, and I have been listed on this policy for several years. Since the accident, I have described what happened the same way to the officer at the scene, to the adjuster, and to my doctor, and I have nothing to add or change to that account. My neck has been stiff and sore, and I have had headaches that make it hard to sleep. I am asking for help covering the medical visits and the repairs to my vehicle.
