Claim Notes

Claim number:	C-1472
Claimant:	Andrea Taylor
Adjuster:	Darin Tyler

04/27/2024
Claim reported by the insured's representing attorney after a side impact at an intersection; the attorney confirmed the claimant was the driver of the vehicle struck on the passenger side and that a neck strain is being claimed.

05/23/2024
Verified that the driver is named on the policy and that the policy was in force at the time of the loss; nothing in the file suggests the vehicle damage predates coverage.

06/19/2024
Police report and two statements from the scene confirm the claimant was in the vehicle at the time of impact, though no independent witnesses to the collision itself have come forward.

06/30/2024
Scene and vehicle photos were reviewed; they confirm several details of the described impact, and the damage pattern on the vehicle is consistent with a side impact of this type.

08/09/2024
Claimant's medical records show a neck strain that is plausible for a crash of this kind; no prior injury to the same body area is known from the claimant's history or prior cliams search.

09/16/2024
Treatment followed a usual course, with therapy visits tapering as the claimant's symptoms improved; no unusual billing patterns have been noted to date.

10/03/2024
Claimant provided a few additional details in a follow-up interview, but the core account of the collision has remained the same across all statements; no earlier damage to the vehicle is known, and the file is being kept open pending final treatment records.

Recorded Statement

Claim number:	C-1472
Statement of:	Andrea Taylor
Taken by:	Darin Tyler
Date:	04/13/2024

Q: Thank you for taking the time to speak with me today. This recorded statement concerns the collision at the intersection in League City, Texas. Can you confirm that you're comfortable being recorded?

A: Yes, that's fine.

Q: Please describe in your own words what happened before the collision.

A: I was driving through the intersection on a green light. I had slowed down a bit because traffic was heavier than usual that afternoon.

Q: Which direction were you traveling, and where were you headed?

A: I was heading straight through, going east. I was on my way home from work.

Q: What did you see as you approached the intersection?

A: The light was green for me. I noticed a vehicle coming from my right side, and I think it was waiting at the stop sign. I didn't expect it to pull out, but it did.

Q: How did the impact occur?

A: The other car pulled in front of me and I hit the brakes, but it struck the driver's side of my car. The impact pushed my vehicle sideways.

Q: Were you injured, and if so, what symptoms have you noticed?

A: I've got a stiff neck and some soreness in my shoulders. It got worse the next morning. I went to urgent care and they diagnosed a neck strain.

Q: Have you received any treatment since then?

A: I've been doing physical therapy twice a week and taking over-the-counter pain relievers. My doctor said to expect a few weeks of recovery.

Q: Is there anything else you'd like to add to your statement?

A: No, I think that covers it. I just want to get my car repaired and get back to normal.

Q: Thank you. This concludes the recorded statement.
