Claim Notes

Claim number:	C-1473
Claimant:	Billy Jones
Adjuster:	Chelsea Hebert

18 May 2023
First notice of loss received for a side impact at an intersection. The isnured reports the claimant's vehicle was struck on the driver's side while proceeding through a green signal. A shoulder injury is reported and the claimant is represented by counsel, so all further contact will go through the attorney's office.

28 Jun 2023
Confirmed the driver is named on the policy and that coverage was in force at the time of the loss. No issues with the policy status were found.

15 Jul 2023
Obtained the police report, which lists the claimant as an occupant of the vehicle at the scene. The report's description of the collision lines up with the damage recorded in the initial photos.

1 Aug 2023
Spoke with the other driver, who gave the same account of the impact as the insured. Statements from two independent witnesses were also requested and are being collected.

13 Sep 2023
Reviewed the scene photos and the vehicle damage estimate. The damage is mostly in line with a side impact of the type described, with the expected crush pattern along the driver's side.

17 Sep 2023
Received the vehicle's prior repair history and found no earlier damage to the same areas. Nothing in the file suggests the damage predates the policy start date.

2 Oct 2023
Counsel's office provided the medical records. The reported shoulder injury fits well with the kind and force of this crash, and no earlier injury to the same body area appears in the records received.

5 Nov 2023
Recorded a recorded statement from the claimant through counsel. The account of how the collision happened matches the one given at first notice and in the earlier conversation with the adjuster.

9 Nov 2023
Treatment has run somewhat longer than is typical for this kind of shoulder injury. Requested updated treatment notes and a referral history to understand the timeline of care.

14 Nov 2023
Reviewed the claimant's account against the police report, witness statements, and photos. Everything collected so far confirms the accident happened as described and that the claiamnt was in the vehicle at the time.

24 Nov 2023
File remains open pending receipt of the updated treatment notes and counsel's demand package. Next step is to schedule a review of the medical records with the claims supervisor once those documents arrive.

Recorded Statement

Claim number:	C-1473
Statement of:	Billy Jones
Taken by:	Chelsea Hebert
Date:	15 Apr 2023

Q: Thanks for taking the time to talk with me today. This recorded statement concerns the collision at the intersection in Houston, Texas. Please state your full name for the record.

A: I'd rather just give my first name, if that's okay. It's the same as the policy holder's, so it's easy to confirm.

Q: That works. Can you walk me through what happened before the impact?

A: I was heading through the intersection on a green light. I had slowed a bit because traffic was backed up on the cross street, but the signal was green when I entered.

Q: Did you see the other vehicle before the collision?

A: Not clearly. I saw something coming from my right, but it came out faster than I expected. I braked, but there wasn't time to avoid it.

Q: Where did the impact hit your vehicle?

A: The driver's side door, right where I'm sitting. The airbags on that side went off and the car spun a little before stopping.

Q: Did you get out of the vehicle right away?

A: I got out with some help. My left shoulder was hurting pretty badly, and I still have trouble lifting my arm above my head. I went to an urgent care clinic that same afternoon.

Q: Have you received any treatment since then?

A: I've been going to physical therapy twice a week and I have a follow-up with an orthopedic doctor next month. The pain wakes me up at night sometimes.

Q: Is there anything else you would like to add to your statement?

A: Only that I was careful and followed the signal. I just want my shoulder taken care of and my car repaired.

Q: Thank you. This concludes the statement.
