Description of the accident (claimant's words)

I was driving through the intersection on a green light when a car coming from the cross street entered on my driver's side and struck the front half of my vehicle. The impact pushed my car sdieways and I felt a sharp pain in my right shoulder when I grabbed the steering wheel to keep control. I have described what happened the same way every time I have spoken about it, whether to the officer at the scene, to the other driver, or to the adjuster on the phone. I am the named driver on this policy and I was operating my own vehicle at the time. The other driver told the officer that she had not seen the signal change. I have been seeing a physical therapist since the collision for ongoing pain and limited range of motion in the shoulder, and I am submitting this form so the damage to my vehicle and my medical costs can be reviewed.
