Statement of:	Allen Murray

Q: Thanks for taking the time to speak with me today. This recording is for claim file purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were and what you were doing when the collision happened.

A: I was driving on a two-lane road in Pearland, heading home from the store. It was a clear afternoon and traffic was light.

Q: Which direction were you traveling, and what was the other vehicle doing?

A: I was going north. The other car was coming toward me in the southbound lane, and it drifted over the center line into my lane. I braked and steered right, but we still met nearly head-on.

Q: How fast do you think you were going at impact?

A: Not fast at all, maybe twenty or twenty-five miles an hour. I'd slowed down because of the curve.

Q: Did either airbag deploy?

A: No, they didn't. Both cars just stopped pretty quickly, and I felt a jolt through the seat.

Q: Where did you feel pain after the collision?

A: My right knee hit the dashboard area. It swelled up within a few hours and it's been painful to bend and to put weight on it.

Q: Have you seen a doctor or received any treatment?

A: Yes, I went to urgent care the same day, and they took X-rays and told me to follow up with an orthopedic specialist. I have an appointment scheduled, and I'm using a brace when I walk.

Q: Is there anything else you'd like to add about the accident?

A: Only that the other driver apologized at the scene and said she looked down at her phone for a second. That's what I remember.

Q: Thank you. We'll follow up once we've reviewed the information.

A: Okay, thank you.
