Description of the accident (claimant's words)

I was making a left turn at an intersection in Sugar Land, Texas, when another vehicle struck my car. I felt a sharp pain in my neck and lower back right away, and I have been dealing with a strain in both areas since. I am the driver of the car, and I live in the same household as the policyholder, so I am submitting this claim as a member of that household. When I first spoke with the adjuster I described the impact as coming from one side, and I said there were two people with me in the car. On later calls I recalled that the impact came from a different direction and that I had been alone in the car at the time. I am giving my best recollection now, and I will provide any further details the investigator needs.
