Claim Notes

Claim number:	C-1477
Claimant:	Melanie Chang
Adjuster:	Christopher Wong

03/08/2025
First notice of loss received from the policyholder reporting a low-speed collision while the insured vehicle was parked and stationary in a supermarket lot. The claimant, who was in the vehicle at the time, has retained counsel, and all contact will go through the attorney's office.

03/12/2025
Assigned the file and requested the police report, which has been received and records the claimant as an occupant of the vehicle at the scene. The responding officer's account matches the reported location and the general sequence of events.

06/11/2025
Spoke with the policyholder, who confirmed the driver lives in the household and is listed as a covreed household member under the policy. The policyholder had no knowledge of any prior damage to the vehicle.

07/01/2025
Reviewed the photographs submitted by the driver, which show damage to the rear bumper and tailgate consistent with a rear impact. Some details in the photos line up with the reported account, though no independent witnesses have come forward.

07/25/2025
Obtained a repair estimate from the authorized body shop. The damage is largely in line with the described impact, and the shop found no sign of older repair work or pre-existing deterioration in the affected panels.

08/18/2025
Checked the vehicle history and prior claims records. No earlier damage to the vehicle appears in any source, and nothing suggests the damage predates the policy inception date.

08/23/2025
Received the claimant's medical records through counsel. A concussion diagnosis was documented after the incident, and the injury appears consistent with the kind and force of a collision of this type.

09/09/2025
Reviewed the medical history with the claimant's authorization. No earlier injury to the same body area is recorded, and no prior treatment for head or neck complaints is known.

09/24/2025
Treatment followed a usual course, with initial evaluation, follow-up visits, and gradual reduction in care as symptoms improved. The treating provider's notes describe steady recovery over the period.

10/07/2025
Spoke with counsel about the claimant's account. The claimant has described the events the same way in every conversation so far, and the details have not shifted between the initial report and later interviews.

10/13/2025
Reviewed the file with the claims supervisor. The poilce record, the vehicle damage, and the medical findings are consistent with one another, and no additional investigation appears necessary at this stage.

10/16/2025
Set the file for routine follow-up with counsel to confirm final treatment status and to request any remaining bills before the injury evaluation is completed.

Recorded Statement

Claim number:	C-1477
Statement of:	Melanie Chang
Taken by:	Christopher Wong
Date:	03/14/2025

Q: Thank you for agreeing to give this recorded statement. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were when the collision happened.

A: I was in the parking lot of a grocery store in League City, Texas. I had just pulled into a row to find a spot near the entrance.

Q: What were you doing right before the impact?

A: I was driving slowly, maybe under ten miles an hour, looking for an open space. The other vehicle was backing out of a spot on my left side.

Q: Did you see the other vehicle before contact?

A: Not really. I saw a flash of white out of the corner of my eye, then I braked, but it was too late.

Q: How did your vehicle make contact with theirs?

A: Their rear bumper hit the front passenger corner of my car. It wasn't a hard impact, but enough to push my car a few feet.

Q: How are you feeling now?

A: I have a headache that won't go away, and I've been dizzy and sensitive to light. My doctor told me I have a concussion, and I've been resting at home.

Q: Did you hit your head during the collision?

A: I don't think I struck anything directly, but my head snapped forward and back, and I felt disoriented for a few minutes afterward.

Q: Have you seen any medical providers since the incident?

A: Yes, I was evaluated at an urgent care clinic the same day and then followed up with my primary care doctor.

Q: Is there anything else you'd like to add?

A: Only that I'm still having trouble concentrating at work, and I'd like to keep my medical records updated as this goes on.

Q: Thank you. This concludes the statement.

A: Thank you.
