Description of the accident (claimant's words)

I was backing out of a parking space at a shopping center in League City, Texas, when my rear bumper struck the side of a pickup that was moving slowly down the aisle. I stopped immediately and got out to check on the other driver, who was fine. Afterward I felt dizzy and had a throbbing headache, so I was seen at an urgent care clinic and diagnosed with a concussion. I have given the same description of what happened to the adjuster, the police officer on scene, and the clinic staff, and I have nothing to add or change. I am the registered policyholder's partner and have lived in the same household with the policyholder for several years, so I am submitting this claim under the household coverage that applies to family members who share a residence.
