Claim Notes

Claim number:	C-1480
Claimant:	Rachel Stark
Adjuster:	Christopher Wong

12/16/2023
Claim received for a hit while turning left at an intersection. The insured reports the other vehicle struck the rear quarter as the claimant was completing a left turn. Claimant is not represented by counsel.

12/26/2023
Verified that the driver is named on the policy and that coverage was in force at the time of loss. Nothing in the file suggests the damage predates the policy start.

02/28/2024
Spoke with the claimant by phone. The account of the turn and the point of impact matched the first statement given at the scene, with no changes in sequence or detail.

03/04/2024
Police report and two responding officers confirm the claimant was in the vehicle at the scene. No independent witnesses were located to the collision itself.

05/15/2024
Reviewed photos submitted by the claimant. They confirm the general location of the impact and the damaged panels. Damage pattern is largely consistent with the described angle of impact.

05/27/2024
Checked prior claim history on the vehicle. No earlier damage to the same areas is on record, and no prior repairs were reported.

06/30/2024
Claimant reports neck and shoulder pain beginning shortly after the collision, with a shoulder injury noted at the first medical visit. The reported injury is plausible for a collision of this type.

07/12/2024
Medical records show the claimant had a small strain in the same shoulder area several years ago that healed fully. Treatment this time followed a typical course and tapered off as the claimant improved.

07/23/2024
Claim reviewed for next steps. Account has been consistent across all contacts, the damage and injury are in line with the impact described, and the file is ready for settlement evaluation.

Recorded Statement

Claim number:	C-1480
Statement of:	Rachel Stark
Taken by:	Christopher Wong
Date:	12/09/2023

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can note that I was the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened?

A: It was at an intersection in Katy, Texas. I was turning left across the lanes to enter a shopping center driveway.

Q: What was the traffic signal doing when you started your turn?

A: The light had turned yellow, and I had a gap in oncoming traffic. I believed I could clear it safely.

Q: Did you see the other vehicle before impact?

A: Not clearly. I saw headlights, but I didn't judge its speed correctly. It came through just as I was in the middle of the turn.

Q: Where did the impact occur on your vehicle?

A: On the driver's side, toward the front. The airbags deployed, and my body was thrown against the seateblt and the door frame.

Q: Did you feel any injuries right away?

A: Not immediately. By that evening my left shoulder was very sore, and I couldn't lift my arm above my chest without sharp pain.

Q: Have you received medical treatment since the collision?

A: Yes. I was examined at an urgent care clinic and I've been referred for physical therapy. The doctor mentioned a possible rotator cuff strain and ordered an imaging study.

Q: Is there anything else you'd like to add to your statement?

A: Only that I'm cooperating fully and I'll provide my medical records and repair estimates as you request.

Q: Thank you. This concludes the recorded statement.
