Description of the accident (claimant's words)

I was stopped at a red light on a main road in Pearland, Texas, when the car behind me hit my rear bumper hard enough to push my vehicle forward into the intersection. I was wearing my seatbelt and my head did not strike anything, but my right knee slammed into the lower dashboard on impact. I felt sharp pain almost immediately and had trouble bearing weight on that leg afterward. The other driver stopped, and we exchanged information at the scene. I have described these events the same way to the officer, to the adjuster, and to my own doctor, and I am happy to repeat them again. I am the registered driver named on this policy, and I am submitting this claim for the vehicle damage and medical costs related to my knee injury.
