Description of the accident (claimant's words)

I was turning left at an intersection in League City, Texas, when another vehicle struck the side of my car. I had been waiting for a clear gap in oncoming traffic and had my signal on, so I am confident of how the collision happened. The impact threw me against the driver's door and I felt sharp pain in my left wrist right away. Paramedics checked me at the scene, and later imaging showed a fractured wrist that will need a cast and follow-up appointments. I have described the events the same way each time I have spoken with the adjuster, the police, and my doctor. I am the named driver on this policy, and I am submitting this statement so my medical and vehicle repair costs can be reviewed.
