Claim Notes

Claim number:	C-1487
Claimant:	Zachary Huerta
Adjuster:	Valerie Rodriguez

11-24-23
Claim opened after a low-speed head-on collision reported by the insured's driver, who is named on the policy. The claimant is represented by counsel, and all further contact will go thorugh the attorney's office.

12-5-23
Reviewed the police report, which places the claimant in the vehcile at the time of the collision. The officer's description of the scene lines up with the account given to us.

12-15-23
Obtained statements from two witnesses and the other driver. Each describes the accident in the same way, and none of them contradicts the others on the sequence of events.

1-10-24
Photographs of the vehicles were reviewed. The damage is mostly consistent with the impact described, with the front-end crush and airbag deployment matching a head-on contact at low speed.

2-23-24
Reviewed the claimant's first medical records, which report neck and back strain. The kind of injury reported fits the force of a collision of this type.

3-16-24
No prior injury or treatment to the neck or back has come up in records or in discussion with counsel so far.

3-27-24
Checked vehicle history. No earlier damage to the vehicle is on record, and nothing suggests the damage predates the start of coverage.

4-20-24
Spoke with the claimant's attorney, who confirmed the claimant's account. The claimant has given the same description of the accident in every conversation so far.

5-6-24
Treatment has continued somewhat longer than is typical for a strain of this kind. Requested updated treatment notes and billing to understand the course of care.

5-9-24
Received the updated records. The treating provider's notes are consistent with the earlier reports, and the extended treatment is documented with reasons for each visit.

6-15-24
Claim remains open pending review of the final bills and the attorney's demand. Next step is to schedule a file review once those documents arrive.

Recorded Statement

Claim number:	C-1487
Statement of:	Zachary Huerta
Taken by:	Valerie Rodriguez
Date:	11-11-23

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my name on tape, but you can note that I'm the driver of the vehicle involved.

Q: That's fine, we'll note you as the driver. Can you describe where the collision happened?

A: It was on a two-lane road in Baytown, Texas, near a shopping center entrance. Traffic was slow that afternoon.

Q: What speed were you traveling when the other vehicle came into your lane?

A: I'd guess I was going maybe fifteen miles an hour. I had just started to slow down for a turn.

Q: Did you apply your brakes before impact?

A: Yes, I braked as soon as I saw the other car drifting toward me. We still hit nearly head-on, but it wasn't a hard hit.

Q: Did your airbags deploy?

A: No, they didn't. I was able to get out of the car on my own.

Q: Did you seek medical attention after the collision?

A: I went to an urgent care clinic the same day. They checked my neck and lower back and said I had strains.

Q: Describe your symptoms as they stand now.

A: My neck is stiff, especially when I turn my head to check mirrors. My lower back aches after sitting for more than twenty minutes. Some mornings it's worse.

Q: Have you missed any work or daily activities because of these symptoms?

A: I've had to leave early a couple of times, and I've skipped my usual weekend yard work.

Q: Is there anything else you would like to add to your statement?

A: Only that I've been cooperating fully and I'm working with my own doctor on physical therapy. I'll send the paperwork when I have it.

Q: Thank you. This concludes the recorded statement.

A: Thank you.
