### Officer's narrative

Officers responded to a two-vehicle collision in Pearland, Texas, involving a left turn at an intersection. Driver 1 was turning left when the front of their vehicle was struck by Driver 2, who was proceeding straight through the intersection. Driver 2 stated that the collision occurred just as they described it, and independent witnesses at the scene gave consistent accounts. Scene photographs show damage concentrated at the front of Driver 1's vehicle and the driver's side of Driver 2's vehicle, which is consistent with the reported impact. Driver 1 reported a concussion and was evaluated at the scene. A Passenger was also in Driver 1's vehicle, and both officers and witnesses confirmed their presence. Officers found no indication of prior damage to either vehicle. Driver 1 is listed as the insured party on the coverage documents presented at the scene. Both drivers were cooperative, and no citations were issued at the time of the report.
