Claim Notes

Claim number:	C-1490
Claimant:	Brandon Allen
Adjuster:	Jerry Hanson

14 Apr 2023
Claim reported by the policyholder's representative after a low-speed head-on collision; the claimant is represented by counsel, and all further contact will go through the attorney's office.

9 May 2023
Confirmed that the driver is named on the policy and that coverage was in force on the date of loss. Nothing in the file suggests the vehicle damage predates the policy period.

12 Jul 2023
Obtained the statement of the other driver, who confirms the accident happened as described. Two independent witnesses and the scene photographs are consistent with the same sequence of events.

14 Aug 2023
Reviewed the vehicle damage, which is mostly in line with the impact described. No earlier damage to the vehicle is known from prior claims or repair records.

18 Aug 2023
Claimant reports neck and back strain. The injury pattern appears to match the kind and force of a crash of this type. No prior injury to the same body areas is known from records available so far.

7 Sep 2023
Still unclear from the statements and photos exactly where in the vehicle the claimant was seated at impact, so this has been put to counsel for clarification.

29 Sep 2023
Claimant has given the same account of the accident in every conversation so far, including the initial report, the recorded statement, and the follow-up call.

1 Nov 2023
Treatment has followed a usual course, with care tapering as the claimant's symptoms improved. Medical records received through counsel are being reviewed against the treatment timeline.

4 Nov 2023
File reviewed and set for continued handling. Next step is to request the final treatment summary and reassess the bodily injury evaluation once it is received.

Claim number:	C-1490
Statement of:	Brandon Allen

Date:	8 Apr 2023

Q: This is the adjuster speaking. This call is being recorded for claim purposes. Do you consent to continue?

A: Yes, I consent.

Q: Please state your current address and the best number to reach you.

A: I'm at a residence in Conroe, Texas. I'll give you my phone number after we finish, if that's all right.

Q: That's fine. Can you walk me through what happened when the collision occurred?

A: I was drivnig on a two-lane road heading toward a stoplight. The other vehicle came over into my lane. We were moving slowly, maybe fifteen or twenty miles an hour, but we still hit head-on. Both of our front ends were damaged.

Q: Were you wearing a seatbelt?

A: Yes, I was belted in. The airbags did not deploy.

Q: Did you go to the hospital or see a doctor afterward?

A: I was checked out at an urgent care clinic the same day. They said I had strain in my neck and lower back.

Q: Are you still experiencing pain?

A: Yes. My neck is stiff, especially when I turn my head to check traffic. My lower back aches after I sit for a while. I've been doing some stretches the doctor recommended.

Q: Have you missed any work because of your injuries?

A: I missed two shifts and I've been working lighter duty since then.

Q: Did you have any problems with your neck or back before this accident?

A: No, not that I can recall. I hadn't had any treatment for either one before.

Q: Is there anything else you think I should know about the collision?

A: No, I think that covers it. I'll send the urgent care paperwork over when I can.

Q: Thank you. This concludes the statement.

A: Thank you.
