Officer's narrative

Driver 1 was traveling through the intersection in Sugar Land, Texas, and reoprted that Driver 2 struck the side of the vehicle while turning left across the lane. Driver 1 stated that a wrist fracture resulted from bracing agianst the dashboard during the impact. The reporting officer observed that the reported injury is consistent with the kind and force of a collision of this type. Driver 1 is listed as the named insured on the policy covering the vehicle involved. Passenger was seated in the front right position and was present in the vehicle at the time of the collision, as confirmed by statements from Driver 1 and Driver 2 at the scene. Damage to the left side of Driver 1's vehicle is consistent with the impact described by both parties. Scene photographs confirm the general placement of the vehicles and several of the reported damage points. A few older scratches were noted on the rear bumper and may predate this collision. No independent witnesses were located at the scene, and no third-party statements were obtained beyond those of the drivers and the passenger.
