Description of the accident (claimant's words)

I was driving home on a weekday afternoon when the vehicle in front of me slowed suddenly and I could not stop in time. My car struck the front of the other car at low speed, and both of us pulled over right away. Neither airbag deployed, and I was able to get out and speak with the other driver. I have been the registered driver on this policy for the entire time I have held it, and I am the one who was behind the wheel during this incident. Since the collision I have felt stiffness and soreness in my neck, which a medical provider has described as a neck strain. I have described what happened the same way each time I have spoken about it, to the officer at the scene, to my insurer, and to my doctor. I am submitting this statement so the claim can be reviewed.
