Description of the accident (claimant's words)

I was backing out of a parking space at a grocery store in Katy, Texas, when my vehicle was struck on the rear pasesnger side by another car that came down the aisle faster than I expected. I had just checked my mirrors and was moving slowly, so the impact was sharp enough to jolt me forward and agaisnt the steering wheel. My right wrist took most of the force as I caught myself. I was taken to a local clinic, where an X-ray showed a fracture, and I have been wearing a splint since. I have described what happened the same way to the adjuster, to the clinic staff, and to the officer who responded, and I have not changed any detail. I am the named driver on this policy and I was operating the vehicle with permission and in the way the policy requires.
