Claim Notes

Claim number:	C-1495
Claimant:	Edward Rogers
Adjuster:	Christopher Wong

2-11-24
The claimant reported a sideswipe while changing lanes and described contact along the passenger side of the vehicle. The claimant mentioned a knee injury from the impact and said they were not represented by a lawyer.

3-24-24
Photos taken at the scene confirm some of the details the claimant gave, although no independent witnesses have come forward. The police report and the people who stopped to help both confirm the claimant was in the vehicle at the time.

5-29-24
The damage to the vehicle is mostly in line with the impact described, and the pattern of the scrapes and dents fits a sideswipe. No earlier damage to the vehicle is known, and nothing suggests the damage predates the start of coverage. The driver is named on the policy.

7-11-24
The reported knee injury matches the kind and force of a crash like this one. No earlier injury to the same body area is known from the claimant's history or prior claims.

9-8-24
The claimant has given the same account of the accident in every conversation so far, including the sequence of the lane change and the point of contact. Treatment has followed a usual course, with visits tapering off as the claimant's knee improved.

9-10-24
Based on the photos, the statement, the police confirmation, and the medical timeline, the file is consistent and no open questions remain on liability or the reported injury. The claim is ready for the next review step.

Recorded Statement

Claim number:	C-1495
Statement of:	Edward Rogers
Taken by:	Christopher Wong
Date:	1-23-24

Q: Thanks for taking the time to speak with me today. This recorded statement concerns the sideswipe collision you were involved in while changing lanes in League City. Do you understand that this call is being recorded?

A: Yes, I understand.

Q: Please state your full name and the best number to reach you.

A: I'd rather keep the personal details to what's already on file, but you can reach me at the number on the claim.

Q: That's fine. Can you walk me through what happened before the impact?

A: I was on the main road, heading toward the exit, and I checked my mirror and signaled to move into the right lane. I thought the lane was clear, but the other car came up alongside me just as I started to merge.

Q: Where was the other vehicle when you frist noticed it?

A: Honestly, I didn't see it until the moment of contact. It was in my blind spot, I think. I felt the bump on my side and then I was pushed toward the shoulder.

Q: Did you stop at the scene, and were there any police or emergency responders?

A: I pulled onto the shoulder and stayed in the car for a minute. An officer came out and took the report. I was checked by paramedics, but I didn't go to the hospital.

Q: Can you describe any injuries you have?

A: My left knee hit the dashboard and it's been swollen and painful when I bend it. I've been icing it and taking over-the-counter pain medication. I'm scheduled to see a doctor later this week for an evaluation.

Q: Have you had any prior problems with that knee?

A: Nothing serious. I had some soreness years ago after running, but it resolved and I didn't need treatment.

Q: Thank you. Is there anything else you'd like to add?

A: No, I think that covers it. I'd appreciate a call when you have an update.
