Description of the accident (claimant's words)

I was changing lanes on the highway in League City, Texas, checking my mirror and signaling before I moved over. As I pulled into the next lane, a vehicle in that lane came alongside me and its side made contact with the passenger side of my car. Both of us pulled to the shoulder after the impact. I have been the drievr of this vehicle on my own policy for several years, and I was the one behind the wheel at the time. When the adjuster and the police officer spoke with me, I described the event the same way each time, and I have not changed any part of it. The impact jolted me against the door and I felt a sharp pain in my knee, which I have since had examined and treated.
