Claim number:	C-1496
Claimant:	Tina Woods
Adjuster:	Valerie Rodriguez

10-6-23
First notice of loss received for a side impact collision at a signalized intersection involving the insured vehicle and one other vehicle. The claimant is represented by counsel, and all further contact will be routed thorugh their office.

10-8-23
Confirmed that the driver is named on the policy and that the policy was in force at the time of the loss. No issues with coverage identified at this stage.

12-12-23
Obtained the police report, which places the claimant's vehicle at the scene and documents the point of impact on the driver's side. Responding officers noted the damage pattern was consistent with the reported sequence of events.

12-31-23
Spoke with the other driver, who gave an account matching the claimant's description of how the collision happened. Independent witnesses and scene photographs are consistent with the same version of events.

1-3-24
Vehicle inspection completed. The damage is largely in line with the impact described, concentrated on the driver's side door, quarter panel and B-pillar area. No prior damage to the vehicle is known from our records or the inspection.

2-4-24
Reviewed prior claims and underwriting history. Nothing suggests any damage to this vehicle predates the start of the current coverage period.

3-14-24
Claimant's counsel submitted the initial injury report describing neck and back strain. The reported injury is a good fit for the type and force of the collision.

3-23-24
No record of earlier treatment or prior injury to the neck or back has been found in the medical history available to us so far.

4-10-24
Treatment has continued for somewhat longer than is typical for this kind of soft tissue injury. The treating provider's notes are being requested to understand the course of care.

4-23-24
The claimant has given the same account of the collision in every conversation so far, including the recorded statement and subsequent calls with counsel present.

5-12-24
File remains open pending receipt of the complete treatment records and the bodily injury demand. Next review scheduled once those documents are in hand.

Recorded Statement

Claim number:	C-1496
Statement of:	Tina Woods

Q: Thanks for taking the time to speak with me today. This recording is for claim review purposes. Can you confirm you're comfortable continuing?

A: Yes, that's fine.

Q: Please describe where you were and what you were doing when the collision happened.

A: I was driving through an intersection in League City on a green light, heading east. I had been on that road for a few minutes and traffic was moderate.

Q: Did you see the other vehicle before the impact?

A: Not until the last moment. A vehicle came from my right side and entered the intersection. I braked and turned slightly, but it struck the driver's side of my car.

Q: Were you able to stop completely before impact?

A: No. I had slowed down but didn't have time to stop fully.

Q: Did the airbags deploy in your vehicle?

A: No, they didn't. The seatbelt held me in place, but I was jolted hard against the seat.

Q: Did you get out of the car at the scene or did you stay inside?

A: I got out after a minute or two. I was shaky and my neck felt stiff right away.

Q: Have you noticed any injuries since the collision?

A: Yes. My neck is sore and has limited movement, and my lower back aches, especially when I sit for long periods. I've been taking over-the-counter pain relievers.

Q: Have you sought medical treatment for these symptoms?

A: I went to an urgent care clinic the same day and was told I had neck and back strain. I've been referred to a physical therapist and I have a follow-up scheduled.

Q: Is there anything else you'd like to add about the accident or your injuries?

A: Only that I'm trying to keep up with my appointments and I'm willing to provide my medical records.

Q: Thank you. That concludes the statement.

A: Thank you.
