Description of the accident (claimant's words)

I was stopped at a red light on a weekday afternoon in Conroe, Texas, when the car behind me struck the rear of my vehicle hard enough to push me forward into the intersection. I had my foot on the brake and my hands on the wheel, and I did not see the other car coming until the impact. My left wrist hit the steering wheel and the pain was immediate. I was taken to the hospital, where an X-ray confirmed a fracture, and I have been wearing a cast since. Every time I have described what happened, to the police, the adjuster, and my doctors, I have given the same account in the same order. I am the registered driver's household member and live with the policyholder, and I am submitting this claim under that coverage.
