Claim Notes

Claim number:	C-1500
Claimant:	Lisa Mack
Adjuster:	Jerry Hanson

2024-07-27
First notice of loss received from the insured's policyholder regarding a low-speed head-on collision. The claimant reports a back strain and is represented by counsel, so all further contact will go through the attorney's office.

2024-08-18
Verified the driver is named on the policy and that coverage was in force at the time of the loss. Nothing in the file suggests the damage predates the policy start.

2024-08-19
Police report obtained. It confirms the claimant was in the vehicle at the time of impact, and the responding officer's account matches the insured's description of the collision.

2024-09-04
Statements taken from two witnesses and the other driver. All three describe the accident the same way as the insured, and scene photos are consistent with that account.

2024-11-07
Vehicle inspection completed. The impact damage fits a low-speed head-on collision. A few older scratches are visible on the bumper, and it is not yet clear whetehr all of the damage came from this impact, so a repair estimate is pending a closer look.

2024-12-01
Medical records received from the claimant's treating provider. The reported back strain fits the kind and force of this crash well, and no prior injury to the same body area is known.

2025-02-11
Claimant's attorney sent a supplemental statement adding a few small details about the moment of impact. The core account is unchanged from the initial report.

2025-02-26
Treatment records show a usual course of care that tapered off as the patient improved. Requested updated provider notes to confirm current status and whether any further treatment is expected.

2025-03-04
File reviewed with the claimant's counsel in place. Next steps are to finalize the repair estimate, reconcile the older scratches against the impact damage, and reassess the bodily injury claim once the latest treatment notes arrive.

Recorded Statement

Claim number:	C-1500
Statement of:	Lisa Mack
Taken by:	Jerry Hanson
Date:	2024-07-16

Q: Thank you for agreeing to give this recorded statement. Please state your full name for the record.

A: I'd rather not give my full name on a recording, but you can note that I was the driver of the vehicle involved.

Q: That's fine. Can you describe where the collision happened?

A: It was on a surface street in Katy, Texas, near a shopping center. I was heading toward the intersection when the other car came over into my lane.

Q: What was your speed at the time?

A: I'd say I was going maybe twenty-five miles an hour. Traffic was light and I had just started to slow down.

Q: Did you brake or swerve before impact?

A: I braked hard and tired to steer right, but there wasn't much room. It was more of a glancing hit than a full crash, although the airbags did not deploy.

Q: Did you hit your head or lose consciousness?

A: No, I didn't hit my head and I stayed awake the whole time. I just felt a jolt through my body.

Q: Have you had any pain since the collision?

A: Yes, my lower back has been sore since then. It's a tight, aching feeling, worse when I sit for a long time or get up from a chair. A doctor told me it looks like a back strain.

Q: Have you seen a doctor or received any treatment?

A: I went to urgent care the same day and I've been doing physical therapy twice a week. I'm also taking an over-the-counter anti-inflammatory when the pain flares up.

Q: Is there anything else you'd like to add?

A: Only that I want to get back to normal as soon as I can. I'm willing to prvoide my medical records if you need them.

Q: Thank you. This concludes the statement.
